FEBRUARY

- Feb. 18th *IN SCHOOL* (make up for snow day)

MARCH 2019

- 11th - 15th *Spring Break*

<http://mrbrantley.weebly.com/news-blog>

Hello Parents,

I am looking ahead in February and there isn't much on the calendar. We had a snow day Feb. 18th, but that was used. Oh well.

We have had a great full week! After the mess that was last week...a full week is both tiring, but also great to get good work done!! All of our Purdue students were here on their days and more! (Ms. VT came back for extra time on Friday to make up missed time). Ms. Bigelow was here every day and we had some great stations!! The MinecraftEDU scavenger hunt has been a fun experience...maybe a little harder than they expected, Kudo Game labs has been a wild experience. Some have really taken a shine to creating worlds and programming characters. Card Golf has been a fun time. I still don't know which is the favorite station...they all seem to be well liked! These stations have been a great experience and also a wonderful incentive for getting work done and making sure everything is checked in a complete. (classroom version of a carrot)

Next week we continue with geometry and the measurement of angles, begin working with decimals, money and more! As we roll through these concepts it's great to see how the students are enjoying applying the math skills they reviewed and learned last fall. Some are still struggling, but now they see the actual application...not just the page pf problems!

It's been a long full week. Have a great weekend and rest up for another busy but great week ahead!!
