Hello Parents,

NEXT WEEK IS A FOUR DAY WEEK!!!!...just a reminder.

It's been a busy crazy week! We've worked hard and created some amazing films. I want to brag about so many kiddos and their films...but then my newsletter would pages long! Your kiddos are SO CREATIVE!!

We are cruising through math topics and the kiddos are showing themselves to be great problem solvers. I cannot say that I love our textbook, but some of the challenges are good.

Next week will be short...just four days. Friday is a Snow Makeup Day...so unless it snows between now and then...we get that day off....that said, this is Indiana.

Another fun idea we've played with in class with TinkerCAD is the idea of the mashup. Take two, maybe three components and combine them. We've have a few silly experiments like Teddy Bear/ Darth Vader, or Papa Smurf / Vader ...these can be seen on the class webpage on a new page (COMING SOON!)...TinkerCAD Mashups. I have tossed this idea out for those that want to give it a try. This is probably not a printable project...but certainly a fun and creative outlet for those enjoying TinkerCAD.

Well, you know it's a busy awesome Friday when you get over 50 videos created and shared in your email box. The kiddos have been busy busy busy!! Daily work was done by most early and then the filming began! Some are VERY creative, some are very well thought out...and some are just plain funny!
