Hello Parents,

2017 ISTEP is over.

Next week we return to something more normal. We return to normal daily work, and get back to a fun wrap up of the school year! I have several more project and experiences to share before the year wraps up.

Next week we hopefully get going with aerodynamic projectile printing...and get outside and get some stuff launched! Then we look at sound and how it ties to fluid dynamics, sand and what a signal looks like.

We have a couple housekeeping items coming up. Monday May 8th the 3rd grades visit Happy Hollow. This is a yearly visit that includes meeting a touring the school with a fourth grade teacher. Usually a visit from the middle school strings orchestra gives the students a look at the possibilities of music in our schools. The conclusion is a meeting in the Happy Hollow LGI room with Mrs. Psarros. This is when she explains some of the differences between Cumberland and Happy Hollow and answers questions. Then parents have a chance that same week to hear from Happy Hollow teachers and administration at the parent night. Be sure to watch your email for that information!
