Hello Parents!!

I thought last week was crazy...but this week with the Eclipse and the NCAA Basketball Championship this week definitely was more wild!! I loved the group that came to our eclipse event, but also was very excited for those that traveled to see the event in totality. What a cool experience to share with your child and one that won't be in the USA again for approximately 20 years. I did have a few fun conversations with a few parents about possibly traveling to Egypt in 2027 to see the eclipse over Karnak....but that may be a dream.

Next week we will be busy with projects, some ILEARN practice and test prep and our normal daily work load. It will be nice to be in the classroom for 5 days...after four days and a delay, this will be great!! The one sad part of this week is that it is the last week that we officially have Ms. Mann here full time! I cannot believe we are already here!!

Here's to a great week ahead!!!

Mr. B.

Hi Families!

Between the eclipse and Purdue basketball it's been such a crazy but fun week! I'm ready to be back on track next week for my last full, official week in the classroom. To say it's bittersweet would be an understatement--there's so much time, work, and commitment that goes along with student teaching but I would do it all again for these kids!! I'm hoping to put together a scrapbook of some kind to remember my time here, so if you have any pictures of your students that you would like to share, I would LOVE to be able to remember each and every one of them for years to come! I have all of the drawings, notes, cards etc. that I've saved from the beginning of the year but if there's anything else your child would like to add, I always appreciate it more than they know. I'm not saying goodbye yet, I'll still be in to visit as much as I can before graduation, but I'm so excited to have a fun, busy, hardworking last official week!!

Ms. Mann

**BOOK PROJECTS: 5 due or Reading Logs completed by March 08 . <http://mrbrantley.weebly.com/book-projects.html>**
