Upcoming Events:

SEPTEMBER 2022

F 16 Professional Staff Day (staff only)
(no school for students)

<https://mrbrantley.weebly.com/news-blog>

Another week done and in the history books. This four day week may have been one of the most productive weeks yet!! It's crazy, but sometimes the shortened weeks are great work weeks!

Next week is another short week. Friday teachers have a professional day filled with meetings and training...so students get the day free. At least we get our Monday and get to enjoy Art with Mrs. Wilson!!

This week was the first serious due date. Student were expected to complete and finish their Scaredy Squirrel storyboards and rewrites and have them recorded on ClassDojo Portfolios. For most this happened well. For a few they are not quite done. I am hopeful that they will get these finished by Monday.

Next week will have a few new items, and several continued projects. TinkerCAD continues with those finishing lessons and getting their medallions finished...and others are working on their 3D Pens. Today was exciting with 3 pens printed!!

I hope that everyone has a restful and enjoyable weekend!!

BOOK PROJECTS: 5 projects due 2nd grading period. 5 due by Oct. 13. <http://mrbrantley.weebly.com/book-projects.html>
