Another short week is done...and we were amazingly productive!! Good work and great enthusiasm has made this week awesome!

We wrapped up the last few Scaredy Squirrel recordings...so everyone should have these now shared with parents in their ClassDojo portfolios. Enjoy these...some are very clever, some a little scattered...but all good for this first project!

Next week we return to a full week! This is great for starting new projects, time to wrap up and catch up projects and so much more!

Next week brings new stories, new math and more! Our Block III students are great and we've had one Jeopardy game that was great! Tuesday should be the second Jeopardy game...the class is excited and looking forward to it!

I hope that everyone is enjoying a great three day weekend (for students and families) I know a couple students shared they were camping or headed out to do other fun mini-trips. Enjoy and get rest, re-energize and be ready for a great full week next week!

**BOOK PROJECTS:** 5 projects due 2nd grading period. 5 due by Oct. 13. <http://mrbrantley.weebly.com/book-projects.html>
