Hello Parents,

We had a great week!! Busy and productive, it was really a fantastic work week. Nothing too crazy upset this week, so we really did enjoy a complete week!!

Next week we kick off new MinecraftEDU work, Micro Bit programming and more!! We need to first learn to program the board computers before we can dive into programming the new CuteBots. Great enrichment and positive activities are coming. More demonstrations for cannons, catapults and trebuchets. REMEMBER reports are due by Monday OCTOBER 4th!

This next couple weeks wraps up the first nine week grading period. This means some attention needs to be paid to making sure ALL assignments are checked in and done well so that I can get everything reading for progress reports. This year we have a new system with a skyward progress report card. This is the WLES move to a digital report card system. I suspect that there may be questions. I will do my best to convey the best information and directions for accessing and understanding the changes.

As I finish this newsletter I'm sitting at Lewis Cass HS cheering on our Red Devils football. I wish everyone a happy and restful weekend.

BOOK PROJECTS: 5 projects due 1st grading period. 5 due by October 14.
